PROFESSIONAL SUMMARY

Full Stack Web Developer specializing in secure, scalable web applications using Node.js, Express, TypeScript, React, PostgreSQL, and MongoDB. Experienced in JWT authentication (RBAC), RESTful APIs, Redis caching, and Dockerized deployments. BSc candidate in Civil & Environmental Engineering at Addis Ababa University with strong analytical and system design skills. Seeking junior developer or internship opportunities.

TECHNICAL SKILLS

Frontend: React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Design

Backend: Node.js, Express.js, REST APIs, Middleware Development

Databases: PostgreSQL, MongoDB, Redis

ORMs & Data Access: Prisma ORM, Drizzle ORM

Authentication & Security: JWT (Access & Refresh Tokens), RBAC, bcrypt, HTTP-only Cookies, Rate Limiting

APIs & Architecture: APIs & Architecture: RESTful API Design, Modular Architecture, MVC Pattern, Centralized Error Handling, API Validation, Pagination & Filtering

DevOps & Tools: Git, GitHub, CI/CD, Docker, Postman, Logging & Monitoring

Cloud & Integrations: Cloudinary, Environment Management, Third-Party API Integration

MY WORKS

Aura Commerce Website - [Github Repo \(Pending Project\)](#)

- Built full-stack e-commerce platform with authentication, RBAC, and JWT security
- Developed RESTful APIs with Redis caching, rate limiting, and centralized error handling
- Designed PostgreSQL schema and implemented product, cart, and order management
- Built responsive React UI with state management and optimized API integration

CashVolt - [Live Demo](#)

- Developed budget & expense tracking system using PERN stack
- Built secure REST APIs with JWT authentication and role-based access control
- Designed optimized PostgreSQL database schema and queries
- Integrated Cloudinary and API performance optimization
- Created interactive React dashboard for financial analytics

Todo app - [Github Repo](#)

- Architected a scalable RESTful API using Node.js and Express.js.
- Designed and optimized a NoSQL database schema using MongoDB and Mongoose, ensuring efficient data modeling and quick query response times.
- Enforced secure server-side data validation and structured API error handling.

CERTIFICATIONS

Meta Front-End Developer Professional Certificate — Meta (Coursera)

FreeCodeCamp: Responsive Web Design, Backend/API Development, Relational Database

EDUCATION

BSc Civil & Environmental Engineering — Addis Ababa University 2022 – Present (Expected 2027)
